Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Provision of a part-time (0.5 FTE) Literacy Coach.
- Embedding a shared understanding of the teaching of reading and writing. Ensure that it is explicit that staff members are to utilize these principles and processes, as well as those of Anita Archer's explicit instruction, when teaching reading and writing.
- Engage with Regional Pillars process.
- Observations of teachers' reading and writing lessons by the principal, Head of Curriculum and Literacy Coach. Feedback then provided to teachers on explicit instruction and the teaching of reading and writing.
- Coaching of classroom teachers in the areas of explicit instruction and the teaching of reading and writing, using information gathered by observations.
- Use systemic and school data to enable teachers to set SMART goals, monitor student performance and give quality feedback to students.

Investing for Success

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Set targets for students in the areas of PAT testing, school testing and NAPLAN bands. School to write plans to enable students to reach these goals. School to share these plans and goals with the students' families.
